

Pond-liner

Coaster

Silicone

Up to now:

Improved:

THE POT INSIDE THE POT

- To line all kind of pots e.g.: terracotta, ceramics, stainless steel, wood
- Makes pots leak proof and replaces unattractive coasters
- Time-consuming and unsafe sealing with silicone or foil is not necessary any more
- Made of soft and flexible plastic which can be cut individually to your needs
- To avoid calcifications on pot walls and reduces evaporation
- Even applicable for square pots
