## fleur ami Leafshine

In this test fleur ami leafshine was tested on 109 plants. All plants were treated three times according to the instructions of use.

The following plants did NOT show any signs of damage or incompatibility:

Genus	Species
Aeschynanthus	
Aglaonema	Silver Queen
Aglaonema	Anne Marie
Aglaonema	christina
Aglaonema	lilian
Aglaonema	pattaya beauty
Aglaonema	pseudobraceteatum
Ananas	comosus
Anthurium	Scherzerianum
Aralia	fabian
Araucaria	heterophylla
Areca	Triandra
Ardisia	humilis
Asparagus	sprengeri
Asparagus	dens. Meyeri
Asparagus	falcatus
Aspidistra	elatior
Asplenium	nidus
Aucuba	japonicum
Beaucarnea	recurvata
Begonia	Rex Hybr.
Caryota	mitis
Chamaedorea	elegans
Chamaedorea	seifritzi
Chlorophytum	comosus
Chrysalidocarpus	lutescens
Cissus	rhombifolia ED
Cissus	antarctica
Cissus	Ellen Danica
Cissus	Manda
Codiaeum	var. pictum
Codiaeum	var. bravo
Codiaeum	var. Iceton
Codiaeum	var. Excellent
Codiaeum	var. Petra
Cordyline	fruticosa
Cordyline	congesta
Corinocarpus	variegata
Dieffenbachia	maculata Tr.
Dizygotheca	elegantissima
Dracaena	marginata
Dracaena	magenta
Dracaena	marg. Tricolor
Dracaena	fragans Stedneri
Dracaena	fragans massange
Dracaena	deremensis
Dracaena	deremensis comp.
Dracaena	fragans comp.
Dracaena	lemon Stripe
Dracaena	Janet Craig
Dracaena	godsefiana
Epiprenum	aureum
Euonymus	japonicus
Euphorbia	trigona

Genus	Species
Euphorbia	millii
Fatsia	japonica
Ficus	altissima
Ficus	audrey
Ficus	audrey var.
Ficus	benjamini exotica
Ficus	benj. De Gandel
Ficus	benj.. Gold. Princ.
Ficus	elastica
Ficus	golden monique
Ficus	longifolium Amstel king
Ficus	longifol. Allii
Ficus	pumila
Ficus	pumila sunny
Ficus	panduriforme
Ficus	lyrata
Ficus	cyatistipula
Ficus	deltoidea
Ficus	nitida
Ficus	Velvet
Ficus	Starlight
Hedera	helix
Howeia	forsteriana
Hoya	carnosa
Hoya	compacta
Licuala	grandis
Livistonia	rotundifolia
Mascarena	lagenicaulis
Pachira	
Pandanus	veitchii
Peperomia	obtusifolia
Philodendron	Queen Emerald
Philodendron	Red Emerald
Philodendron	Monstera delic.
Philodendron	scandens
Philodendron	bipinatifidum
Phoenix	roebelini
O-hoenix-	canariensis
Polyscias	balfouriana
Raphis	excelsa
Raphis	humilis
Sanseverie	trifasciata
Sarforthia	ptychosperma
Schefflera	arboricola
Schefflera	arboricola Gold C.
Schefflera	actinophylla
Schefflera	actinop. Amathe
Spatiphyllum	wallisii
Syngonium	auritum
Tupidanthus	
Vriesea	splendens
Yucca	elephantipes
Zamioculcas	

The following plants DID show more or less significant signs of damage or incompatibility:

Genus	Species
Ctenanthe	golden Mosaic
Fittonia	rot/weiß
